

## Barcode Labelling Systems

The Codeology team have 40 man years experience of labelling outer case cartons for the retail supply chain.

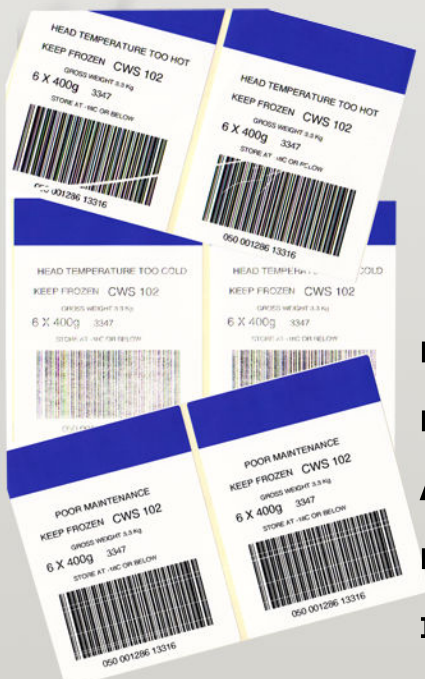

If you supply the supermarkets contact us about how Codeology can make your life easier and keep your customers happy. We can supply everything from ribbons and labels right up to fully integrated print and apply systems

Even if you already have labelling machinery talk to us about our CleanStart ribbon to increase your printer's life and reduce maintenance costs.

For any supply chain labelling from a roll of labels to a totally automated labelling system, talk to the experts at Codeology.

## Labelling Consultancy

Let Codeology take your labels from this...

...to this

Do you really understand your customers' labelling requirements?

Do you know how to get the best from your label printers?

Are you spending too much on your labels and ribbons?

Have you got the balance right between quality and running cost?

If you don't know the answers then talk to Codeology.

Our machinery, labels and ribbons experts will put you on the right lines.
